

Donations & Membership

- Email via Gmail can now be sent by a more streamlined and secure process using OAuth

Donations

- The accounts tab of the Pledge/Giving Analysis report options page no longer shows inactive accounts
- Last Donation Date will no longer include unposted donations

Membership

- Printing a directory from the Attendance page will no longer include donations individuals
- Giving/Pledging date range is easier to see when printing donations statements from membership

Accounting

- When printing 1099s through Aatrix, Company Name is used if the vendor uses an EIN number, but Individual Name is used if they use an SSN number
- An error is no longer seen when reversing accounting transactions from payroll when accounting is set to a future year

Payroll

- Pay Type Earnings Report totals are now correct when a payee's pay is all PTO
- Additional data is now sent to Aatrix so that Unemployment type reports can be run
- End date is now editable when adding a new Misc or Local tax on the payee form
- The payee dropdown on the Payee form is now filtered according to the form filter
- When setting up Deductions, code DD is now available as a W2 choice
- Tax table updates for: AL, CT, GA, IL, LA, MD, MN, MS, MT, NC, ND, NY, OR and VT
- Various bug fixes
